## **PRESS RELEASE**

### **Chamber Presents First Lifetime Achievement Award**

Rob McIntyre, Chair of the Yukon Chamber of Commerce presented the inaugural **Rob Harvey Lifetime Achievement Award** at the Chamber's 22<sup>nd</sup> Annual General Meeting in Watson Lake.

This award, which will not necessarily be presented on an annual basis recognizes special individuals from the Yukon's business community that have gone the '*extra mile*' to promote a positive economic environment and to enhance the climate for doing business in the Yukon.

Rob Harvey, who passed away suddenly early in 2007, was a tireless worker and volunteer for the Yukon Chamber of Commerce.

During his presentation of the award, Chairman Rob McIntyre said, "The Yukon Chamber of Commerce is very proud to recognize the contribution made by Rob Harvey, and to be able to honour such a gifted & important local businessman with this award. We look forward to bestowing the award on many more deserving individuals in the future."

At a meeting prior to the 2007 AGM, the Executive of the Chamber voted unanimously to present the inaugural Lifetime Achievement Award posthumously to Mr. Harvey, to his business - Yukon Engineering Services Inc., and to his family.
